

Homestead Pantry Goods

When we lived at our old house, we were 30 minutes to town so I got used to buying in bulk real fast. The kids and I would go to town once a week for any necessary essentials. I keep these items on hand at all times. I can basically throw some kind of meal together with this list. I buy as much as I can Organic and Non-GMO. If I'm low or out of something, I just do the best I can and use what I have until I am able to restock.

- Coconut Oil
- Avocado Oil
- Balsamic Vinegar
- Black Peppercorns
